Flooding Mitigation Proposal

King County has a revised flooding mitigation proposal for FEMA. The proposal, which was presented at the 2012 annual meeting, affects numerous properties near the greenbelt infiltration pond.

Wendy Kara, of King County Water and Land Resources Division, has asked the WRA Board of Trustees for feedback regarding community support for the project. Ms Kara's email to the Board of Trustees and a diagram of the proposal can be found [here](#).

The Board of Trustees *strongly* encourages you to actively participate in this process so the outcome will reflect the best interests of the membership. Please watch the website [calendar](#) for scheduled meetings, or contact the WRA [office](#) to add your email address to the notification list.

Revised ARC Guidelines

The Architectural Review Committee (ARC) is revising the WRA [Architectural Guidelines](#). The ARC requests that WRA members obtain a copy of the Phase One revisions and provide input to the ARC during the October 2nd meeting. The ARC hopes to have a final draft of Phase One at the November 6th meeting of the ARC.

Printed copies of the Phase One revisions are available from the WRA [office](#). Please send feedback to ARC@WildRim.org, or to the WRA office by letter, or by using the online [ARC Concern/Request](#) form.

Suzanne Glazier

Our new Administrative Assistant to the WRA Board of Trustees, Suzanne Glazier, started on August 26th. Suzanne's broad range of administrative and computer skills, combined with a sunny personality, make her a greatly appreciated addition to the WRA management team.

Please come by the office and welcome her.

Security Assessment

The \$31 Security Assessment that was approved for the 2013 - 2014 fiscal year is included in the current billing. To set up payment arrangements for this, or any other WRA assessment billing, please contact Suzanne at the WRA office.
